CSA Agreement: Community Supported Agriculture (CSA) is a partnership of mutual commitment between a community of supporters (CSA Members) and a farm, which creates a direct link between the production and consumption of food. A CSA Member makes a Commitment to cover a farm's yearly operating budget and support the farm throughout the season by purchasing a share of the season's harvest and thus assumes the costs, risks, and bounty of growing food. In return, the farm provides, to the best of its ability, a healthy supply of seasonal, fresh produce throughout the growing season. CSA membership creates a responsible relationship between people and the food they eat, the land on which it is grown, and those who grow it. Joining Eco-Gardens Beyond Organic Exclusive Membership CSA also gives a CSA Member the right to purchase items offered by Eco-Gardens. Any unclaimed shares will be forfeited.
